## PROFESSIONAL EXPERIENCE

### Implementation and Support System Engineer

Intracom Telecom · Full-time

Paiania, Greece

Nov 2021 - Present

I am responsible for qualitative control and technical support of mobile prepaid telecommunication services & systems for telecommunications organizations in Greece and abroad. I am implementing and supporting applications for prepaid and fixed telephony of corporate clients and I have been given the opportunity to get to know in depth the structure and needs of large and integrated telecommunication networks. I am involved in several projects including implementation of products based on ServiceWeaver™ platform such as Internet Abroad and Prepaid Orchestrator microservices, playing an important role in all stages of the deployment. My fields of technical expertise are the following: Ansible, Grafana, Prometheus, VMWare ESXi, Oracle and MySQL databases, and Red Hat Enterprise Linux systems.

### System Analyst

Hellenic Army General Staff (KEPYES) · Full-time

Papagou-Cholargos, Greece

Dec 2020 - Aug 2021

I was responsible for performing troubleshooting of computer systems, hardware, and software. This involved identifying issues and providing timely solutions to ensure that systems were running optimally. I also gained expertise in resolving network problems, which included giving users clear instructions on how to perform tasks related to network maintenance and troubleshooting.

### Digital Marketing Intern

Oh My Good Guide · Erasmus+ Internship

Málaga, Spain

Feb 2020 - May 2020

I gained extensive experience in SEO techniques, social media management, and creative thinking. I was proficient in web management using WordPress and created engaging blog content. My experience with Google Analytics and Search Console honed my data analysis and problem-solving skills. Additionally, I managed client reviews and online travel agencies' systems, developing my communication and customer service abilities. Overall, I gained valuable skills in digital marketing and web management, as well as data analysis and client management that I can apply to future roles.

### System Administrator

AUEB CSLabs · Part-time

Athens, Greece

Oct 2017 - Feb 2019

At the Computer Science Laboratories of the Athens University of Economics and Business, I was responsible for both systems monitoring and direct communication with end users.

## ACADEMIC BACKGROUND

### BSc in Computer Science (4-year degree, 240 ECTS)

Department of Informatics | Athens University of Economics and Business

Athens, Greece
