PROFESSIONAL EXPERIENCE

Implementation and Support System Engineer   Paiania, Greece
Intracom Telecom · Full-time   Nov 2021 - Present
I am responsible for qualitative control and technical support of mobile prepaid telecommunication services and systems for telecommunications organizations in Greece and abroad. I am implementing and supporting applications for prepaid and fixed telephony of corporate clients and I have been given the opportunity to get to know in depth the structure and needs of large and integrated telecommunication networks. I am involved in several projects including implementation of products based on ServiceWeaver™ platform such as Internet Abroad and Prepaid Orchestrator microservices, playing an important role in all stages of the deployment. I have worked with a diverse range of tools and technologies, including **Oracle, Docker, MySQL, Ansible, Grafana, RabbitMQ, Prometheus, GitLab CI/CD, VMWare ESXi, Red Hat Enterprise Linux systems.**

System Analyst   Papagou-Cholargos, Greece
Hellenic Army General Staff (KEPYES) · Full-time   Dec 2020 - Aug 2021
I was responsible for performing troubleshooting of computer systems, hardware, and software. This involved identifying issues and providing timely solutions to ensure that systems were running optimally. I also gained expertise in resolving network problems, which included giving users clear instructions on how to perform tasks related to network maintenance and troubleshooting.

Digital Marketing Intern   Málaga, Spain
Oh My Good Guide · Erasmus+ Internship   Feb 2020 - May 2020
I gained extensive experience in SEO techniques, social media management, and creative thinking. I was proficient in web management using WordPress and created engaging blog content. My experience with Google Analytics and Search Console honed my data analysis and problem-solving skills. Additionally, I managed client reviews and online travel agencies' systems, developing my communication and customer service abilities. Overall, I gained

valuable skills in digital marketing and web management, as well as data analysis and client management that I can apply to future roles.
